**Learn the National Acupuncture Detoxification Association's Acudetox Protocol  
Acupuncture Detoxification Aide Training**

Many states, including Maryland and Virginia, allow addictions professionals to learn and implement the National Acupuncture Detoxification Association's (NADA) 5-needle Acudetox Protocol. Enhance your client services throughout all phases of recovery with this simple, low-cost and widely used technique that has been shown to significantly reduce cravings, physical symptoms, relapse, inpatient admissions, anxiety, insomnia and agitation.

The National Institutes of Health concluded that acupuncture for addictions, "may be useful as an adjunct treatment or an acceptable alternative or be included in a comprehensive management program.

Completion of the full 70 hours of training (30 didactic/40 clinical) will permit those allowed by their states' laws to treat clients with this technique. After this two-day seminar, trainees will be able to begin the clinical component. Upon completion of all course requirements, trainees can apply to NADA for a completion certificate as an Acupuncture Detoxification Specialist; this certificate is generally required for state licensing.

Continuing Education Credits

13 CEU's are available for Maryland Licensed or Certified Alcohol and Drug Counselors.

30 NCCAOM PDA Points are available for acupuncturists.

Fees

The fee for this course is \$325 (includes NADA's \$35 training fee). All course materials are provided. Meals are on your own. NADA also requires trainees pay the \$65 first year membership and certificate fee the first day of class (\$40 for students). Refunds are generally not offered. Registration fees will be credited to a future training.

Dates and Locations

- February 11 & 12, 2012 Baltimore, MD

Individual agencies can also schedule on-site trainings for at least five trainees. Please call or email for further details.
